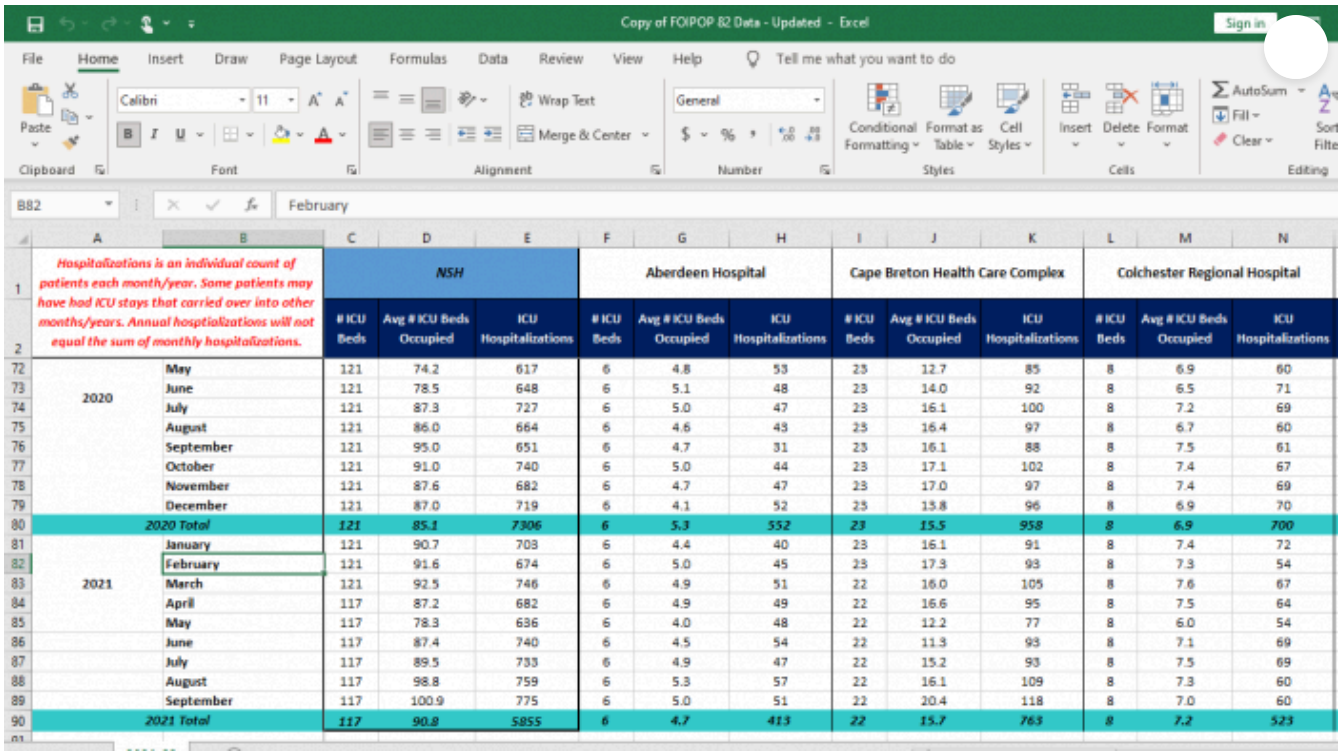
Nova Scotia FOI Request Shows Province REDUCED ICU Capacity In Recent Years



Copy of FOIPOP 82 Data - Updated - Excel

Hospitalizations is an individual count of patients each month/year. Some patients may have had ICU stays that carried over into other months/years. Annual hosptializations will not equal the sum of monthly hospitalizations.		NSH			Aberdeen Hospital			Cape Breton Health Care Complex			Colchester Regional Hospital

Our friend in Nova Scotia is back at it again, digging up dirt and information about the tyranny of Robert Strang. Here are some of the latest finds. Previously, there was the hospitalization scam debunked, the lack of data for masks in schools, and the screwy definition of “cases”.

Does it really make sense that ICU capacity has been REDUCED in recent years?

YEAR	MONTH	# ICU Beds

2016	January	120
2016	February	120
2016	March	120
2016	April	126
2016	May	126
2016	June	126
2016	July	126
2016	August	126
2016	September	126
2016	October	126
2016	November	126
2016	December	126
2017	January	126
2017	February	126
2017	March	126
2017	April	126
2017	May	127
2017	June	127
2017	July	127
2017	August	127
2017	September	127
2017	October	127
2017	November	127
2017	December	127

2018	January	127
2018	February	127
2018	March	127
2018	April	127
2018	May	127
2018	June	127
2018	July	127
2018	August	127
2018	September	127
2018	October	127
2018	November	127
2018	December	127
2019	January	127
2019	February	127
2019	March	127
2019	April	120
2019	May	120
2019	June	120
2019	July	120
2019	August	120
2019	September	120
2019	October	120
2019	November	120
2019	December	120

2020	January	120
2020	February	120
2020	March	120
2020	April	121
2020	May	121
2020	June	121
2020	July	121
2020	August	121
2020	September	121
2020	October	121
2020	November	121
2020	December	121
2021	January	121
2021	February	121
2021	March	121
2021	April	117
2021	May	117
2021	June	117
2021	July	117
2021	August	117
2021	September	117

One would think that the Province would be working to expand those numbers. It went from 127 beds to 120 in just a few years. After all, this is supposedly the middle of a global pandemic. Makes you wonder what's really going on here.

[redacted]

Dear

[redacted]:

Re: We do not have the information you asked for – 2021-01663-HEA

The Department of Health and Wellness received your application for access to information under the *Freedom of Information and Protection of Privacy Act* (the Act) on September 14, 2021.

In your application, you requested a copy of the following records:

According to this article:

> Strang said proof of vaccination will help keep communities safe, ensure children and youth can safely attend school, and protect the health-care system and its providers.

> Strang and Premier Tim Houston did not call the system a vaccine passport — a measure introduced in other jurisdictions that has sparked debate over privacy and personal freedom versus public health. However, there doesn't appear to be any difference between a vaccine passport and the Nova Scotia policy announced Wednesday.

Recently, it seems that Robert Strang was recently quoted as saying: "proof of vaccination will help keep communities safe, ensure children and youth can safely attend school, and protect the health-care system and its providers." But it turns out this policy isn't based on any evidence, nor does the Government know where any such proof can be found.

Thank you for giving much deserved credit to researcher Christine Massey of Fluoride Free Peel for uncovering the smoking gun…no virus has ever been isolated, anywhere in the world, by

anyone.

It is interesting that the lawyers claiming to fight this rarely, if ever mention this important fact. If they did, this scam would have been over in early 2020.
